CITYBOX 20X10X4 M CITYBOX

Article: 4001-150

This 20 x 10 x 4m transparent Citybox is made of posts and beams with special sound-absorbing cables. This Citybox also has two open combi goals and a step-through portal. Thanks to the low-noise cables, the sports cage fits in any environment and provides a place for sports enthusiasts to play sports without disturbing neighbourhood residents. The Citybox is available in any size, shape and with various accessories, such as (combi) goals, a roof net and Urban Sports Battle sign.
