BAMBINO FLOW BAMBINO

The Bambino Flow is located low to the ground so that small children can play safely with each other on this device. Play elements of the Bambino Flow: wavy bars with a ring for hand-eye coordination, a wobble bridge with holding rope, two steps and a half plastic sphere through which children can play peekaboo. The Bambino Flow is available in every standard RAL colour. The rope is also available in red, green, blue or black.
