

#### **ADVANTAGES**

- Safe because water drains away.
- Stimulates children's interaction and fantasy.
- Available in any standard RAL colour.
- TÜV certified.

# **CORKSCREW** PLAY

Article: 1999-89

With the Corkscrew, children learn how water flows, they create a stream and can play with the water troughs. A fun way to learn! However, the corkscrew is only one of many items of water play equipment made by IJslander. Any creation, size or shape is possible. The play elements for this water play unit are: two water troughs and the corkscrew with twist handle.
