## FIFTY+ TURNER FIT4LIFE

Article: 1370

The Fifty+ Turner has a seat and footrest for a comfortable position. The exercises on this device consist of the forward and backward rotation of the arms. This is done with a built-in resistance that is suitable for cardio and strength training for seniors. The unit is used to train the flexibility and agility of arms and shoulders. The Fifty+ Turner is available in any standard RAL colour. The Fifty+ Turner is standard equipped with blue EPDM on the seat and backrest.
