## KUPA DOUBLE SWING 1X FLAT SEAT 1X TODDLER SEAT (ANTIWRAP)

KUPA

Article: CS-1-DA05-H

Several children can swing at the same time on this double swing with a standard seat and a toddler seat. Due to the special anti-twist bearing, the seats cannot twist up, which extends the life of the chain. The anti-wrapping system ensures that the cables do not twist. The top beam can rotate. The double swing is standard equipped with Robinia trunks, an upper beam and stainless steel chains and black seats. This swing is configurable. It can be expanded to up to 5 portals. In addition, there is a choice of different upright materials, different seats and options...
