MADERA COMBI EQUIPMENT XXL MADERA

Article: 1418

On the survival-like Madera Combi equipment XXL vario, many children can play together and meet each other on the various height-varying climbing platforms and observation tower. At the same time, the curved poles, with the special, strong light-brown coating, stimulate the imagination of children playing, because a curve like that could be anything. Play elements of the Madera Combi equipment XXL vario include: crawl tunnel, balance beam with retaining rope, fire pole, climbing platforms, observation tower, various climbing elements and a slide. The Madera Combi equipment XXL vario is standard equipped with green rope, green panels and a green...
