MADERA SLIDE MADERA

Article: 1403

Due to the low height of the Madera Slide, smaller children can also get on this slide (with the help of parents or escorts) and slide down again. The older children can climb the slide by themselves to roam down. At the same time, the curved poles, with a special, strong light-brown coating, stimulate the imagination of children playing, because a curve like that could be anything. Play elements of the Madera Slide: slide and ladder.
