MULTIGOAL 4x3 M GOALS

Article: 4029

This 4 x 3 m multi-goal with sound-absorbing cables can be integrated into a Citybox or Backstop. The new purpose is multifunctional. Regardless of the options, it can be used as a goal back wall and as an entrance. Because the target has far fewer connections than the usual targets in Cityboxes and Backstops, it is low-noise. Moreover, it is price-friendly. The goal is always part of a larger whole (Backstop or Citybox) and is not available separately. The back wall of the goal is placed in a V-shape, which keeps the balls in the goal better. Would you...
