- ✓ Stimulates interaction and fantasy children.
- ✓ Available in any standard RAL color.
- ✓ TÜV certified.

## WATER WAYS KIRKJUFELL SPELEN

Article: 1999-491

Because this water setup has several water bowls close to the ground, both large and small children can enjoy playing with sand and water. And because everything is customizable, the possibilities of combining more waterways are endless. The water ways are made of stainless steel as standard and equipped with a hand pump and platform to stand on.
