WATERPLAY EQUIPMENT PLONS PLAY

Article: 1080

Children are guaranteed hours of fun with Splash, because once they hit the buttons on the water unit or press on the adjacent consoles, water comes spraying, splashing or bubbling from various pipes or special shower heads. The Splash is safe for smaller children because the water continuously drains away. The Plons is a large interactive water play unit that consists of water, push buttons and light elements controlled by a computer. In addition, the computer controls functions such as automatic shutdown of the water unit in bad weather and flushing out the pipes. The computer also controls three...
